AUDIO SKIES	Michael Vamos/Owner	4057	<p>Press Release AUDIO SKIES Import & Distribution of high-end audio ROOM 4057 - THE FLAMINGO HOTEL For the first time in the US: unveiling 3 brands with pedigree: LARSEN's Ortho-Acoustic Speakers by John Larsen & Anders Eriksson John Larsen developed Carlsson speakers with Stig Carlsson PEAR AUDIO ANALOGUE turntables & tonearms by Tom Fletcher & Peter Mezek Tom Fletcher, the man behind Nottingham Analogue turntables. ESP Loudspeakers by Sean McCaughan Sean McCaughan, creator of the legendary ESP Concert Grand SI speakers, introduces a full line of cables.</p>	m@audioskies.com
Chapman Loudspeakers	Stuart Chapman Jones/Owner	4015	<p>Chapman is proud to introduce the brand new Chapman model T-5 loudspeaker at T.H.E. Show, Flamingo room 4015. A 3-way floor stander with a 10' woofer incorporated into our exclusive compression line base design, with a 5' mid-range and 1' silk dome tweeter, it is an amazing value at MSRP \$4995/pair</p>	esj@centurytel.net
COIN AUDIO	Jerry Huang/ Managing Director	4027	<p>COIN AUDIO NAMED AS CES INNOVATIONS 2014 DESIGN AND ENGINEERING AWARD HONOREE Coin Audio's Mansion Speakers are designed for music living. Like Nietzsche said, 'Without music, life would be a mistake.' The mission of Mansion Speakers is to bring more joys and pleasure into family lives.</p>	jerryh@coinaudio.com
Darin Fong Audio, LLC	Darin Fong, Owner	Marketplace, Red Rock VII	<p>Darin Fong Audio introduces Out Of Your Head, audio software that replicates the experience of listening to high-end speakers using only headphones. Out Of Your Head allows the listener to hear audio with the sound of different speakers and home theater systems with the privacy and portability of just headphones. The sound is no longer inside your head, like conventional headphones—it comes from "out of your head," as if you are listening to speakers in a room. For the first time in the US:</p>	info@fongaudio.com
ESP Loudspeakers	Sean McCaughan	4057	<p>ESP Cables Sean McCaughan, creator of the legendary ESP Concert Grand SI speaker, has developed a full line of cables - speaker cables, interconnects and power cables. ESP cables deliver unparalleled musical involvement. There is nothing "hi-fi" or artificial about our sound. Instead you'll experience timbral naturalness, seamlessness, dimensionality, dynamic ease and presence, leading to more involving and longer music sessions. ESP employs perfectionist hand-built quality and all are tested by Sean himself and with sound quality so close to that of live music, allowing you to get off the upgrade merry-go-round once and for all.</p>	m@audioskies.com
Essence of Music	Robert Spence	Room 4009	<p>Essence of Music improves your CD, DVD and Blu-ray experience by delivering more accurate information to your player. Uploading/ripping captures the information to your media server. The improvements described have been verified by experienced listeners in both unstructured and single-blind tests, and by scientific measurements.</p>	sales@essence-of-music.com
INCRECABLE Acoustic Laboratory	Dyson LTS	4000	<p>Our new generation Tube integrated amp TIA series and DCT iCable will be launched in 2014.</p>	dysonlai@gmail.com
LARSEN	John Larsen/Manufacturer	4057	<p>For the first time in the US: LARSEN's Ortho-Acoustic speakers The LARSEN 6 and the LARSEN 8 - PFO's 2013 Choice Award. Designed to be placed against the wall and to play WITH the room, not against it. LARSEN speakers excel in taking advantage of the room they play in; meaning speakers, made to function in regular living rooms and not in anechoic sound studios. LARSEN speakers have a long and proud pedigree. The famous Sonab speakers from the 60's and 70's were designed by the Stig Carlsson, who later developed: Carlsson Ortho-Acoustics. After working with Stig for 16 years John Larsen took over production in 1997 and further improved upon these innovative designs to create LARSEN.</p>	m@audioskies.com
Magnepan	Wendell Diller	Conference Room A	<p>Announcing the 3.7i An improved 3.7 may come as a surprise given that the 3.6 had a 12-year run. But, this is unusual in other ways. The changes did not require retooling or significant cost increases. It did not warrant waiting for a major product change as a 3.8. So, we decided to pass it on now. Yes, it is unusual, and it is the first time in Magnepan's history that a speaker can be upgraded at the factory at a reasonable cost (details to follow). But, what is not unusual-- we don't hype new models. Yes, it sounds better, but we leave that to you to describe.</p>	
Mark and Daniel Audio Labs	Loren Charles, President	4014 -- The Flamingo	<p>See the stunning new Opal Air4 wireless speakers, featuring custom designed NuForce 90 watt TriPath amplifiers, enabling you to stream your music thru the air from any wireless device -- iPad, iPod, Android phone, iPhone, laptop PC or MacBook. Also on display: award winning Mini+ and Diamond Monitors with M&D leading edge technology.</p>	markdanielaudio@yahoo.com
PEAR AUDIO ANALOGUE	Peter Mezek/Manufacturer	4057	<p>For the first time in the US: PEAR AUDIO ANALOGUE TURNTABLES & TONEARMS WITH PEDIGREE Pear Audio Blue turntables and tonearms were designed by Tom Fletcher (Nottingham Analogue) and his good friend Peter Mezek. Pear Audio Blue turntables and tonearms do not represent a revolution, but rather an evolution in Tom Fletcher's approach to turntable design. A triumphant culmination of Tom's continuing development of his turntables Creating an object of real worth takes time - so all our audio components are hand-built. Our key philosophy - achieve a magnificent marriage of materials. Creating a turntable where the whole is worth more than the sum of its parts. Hearing is believing! Listen to the BLUE -- and become a believer!</p>	m@audioskies.com

Perfect8 Technologies AB	Jonas Röntilä CEO	Red Rock VIII	<p>LAS VEGAS, NV (T.H.E SHOW Las Vegas Jan 7th-10th 2014, Flamingo Red Rock VIII) - Swedish high-end audio manufacturer PERFECT8 Technologies celebrates its 10th anniversary during 2014 at T.H.E Show Las Vegas and something special is reserved for the audience: 'Why can't anyone get good sound under show conditions? I will rent a room next year and show how it's done!', said Mr. Leon Rivkin - a PERFECT8 customer. PERFECT8 is supplying Mr. Rivkin with the latest grand statement loudspeaker THE FORCE MKII and the ultra solid component stand THE RACK, both new releases shown for the first time to the public. To complement this Mr. Rivkin has carefully chosen best-of-breed products - The legendary Walker Proscenium Black Diamond V Turntable - a rare opportunity to see and hear in a public forum, VAC top-notch electronics, Stealth cables and more. Will the coming together of these top-notch manufacturers with world-class components result in the best sound in the world or even of the show? We will leave that to you to determine.</p> <p>Swedish company PERFECT8 Technologies, specialized in high-end glass loudspeakers, is premiering their grand statement line source loudspeaker system THE FORCE MKII to the U.S general public. THE FORCE MKII feature a completely reengineered new ultra high-end crossover resulting in real life dynamics matched by ultra-high resolution and micro detail producing stunning imaging and realism. THE FORCE MKII effortlessly reproduces organic resolution with composition, texture and emotion closely rivaling the original performance.</p> <p>THE FORCE MKII uses a total of six strategically placed compact subwoofer glass enclosures to achieve absolute low frequency response and control even in the most demanding conditions. The 10' drivers perfectly match the performance of the dipole panel with deep, extended, super tight and ultra controlled bass reproduction. This is accomplished through record low mechanical losses, significantly decreased distortion, increased excursion and ultra-stiff aluminum cones each driven by an oversized 22 lbs magnet. The drivers are separately powered by state of the art DSP controlled amplifier technology at 92% efficiency, seamlessly integrated into the glass subwoofer enclosure.</p> <p>T.H.E SHOW Las Vegas 2014 Flamingo Red Rock VIII 'dream team' exhibit in summary:</p> <ol style="list-style-type: none"> 1. THE FORCE MKII all glass ultimate line source loudspeaker - six subwoofer configuration for optimized room acoustics not achievable using larger single subwoofers (new product) 2. THE RACK super silent glass stereo racks (new product) 3. Walker audio Proscenium Black Diamond V - a rare opportunity to see and hear the Proscenium Black Diamond V turntable in a public forum 4. VAC exceptional electronics 5. Stealth and PERFECT8 cables 6. THE POINT exhibit all glass ultimate point source loudspeaker 6. THE CUBE exhibit all ultimate book shelf loudspeaker <p>All models in the PERFECT8 program have been carefully designed with a 'no compromise' philosophy and using a new technology platform with none of the significant drawbacks of all traditional designs. The PERFECT8 loudspeakers exhibit perfect motor control, zero energy storage, no internal vibrations or cavity resonances, near-linear off-axis response, seamless bass/mid/treble-integration, and close-to-perfect room interaction.</p> <p>'This system really delivered; bone crushing dynamics, superb coherence, ruthlessly musical resolution, captivating presence, and an unquestionably truthful timbre. Tonal color and texture were convincingly rich and vibrant, and musical involvement was eerily honest, bordering on downright revelatory. .. had the ability to recreate the scale of the music in a remarkably accurate manner, yet it was able to serve up the nuances and subtleties with uncanny, unnerving realism. This system very nearly breathed life into the music it reproduced.' - Greg Weaver, Positive Feedback</p> <p>Pricing for the PERFECT8 loudspeaker systems range from USD 50 000 - USD 325 000. Walker Audio Proscenium Black Diamond V Turntable USD 105,000</p> <p>About PERFECT8 Technologies PERFECT8 Technologies is a Swedish provider for high-end ribbon and dynamic loudspeakers and subwoofers. Backed by over 25 years of research and more than 5 years of dedicated development, PERFECT8 Technologies was founded in 2005 with the primary mission of producing the most exclusive and best sounding loudspeaker systems in the world! www.perfect8.com</p> <p>About Walker Audio Walker Audio specialize in high-end audio components and audio and video accessories to enhance the listening and viewing experience with all levels of systems: analog, digital or video. Walker audio is renowned for its exceptional turn tables. walkeraudio.com</p> <p>About VAC Valve Amplification Company, Inc., designs and manufactures the worlds finest audio instruments since 1990. www.vac-amps.com</p> <p>About Stealth Stealth audio cables is a USA based high-end manufacturer of HIFI cables. www.stealthaudiocables.com</p> <p>T.H.E. Show Las Vegas T.H.E. Show Las Vegas will be held at the Flamingo Hotel located right on The Strip, Las Vegas, Nevada, January 7th - 10th, 2014. Opening Day is Tuesday, January 7th,</p>	glas@perfect8.com
